Von Jenn McKinlay : Death of a Mad Hatter (A Hat Shop Mystery) before purchasing it in order to gage whether or not it would be worth my time, and all praised Death of a Mad Hatter (A Hat Shop Mystery):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. 3.5 StarsVon EvaThis is the second book in Jenn McKinlays Hat Shop Mystery series. It can be read as a standalone.A

good summary of the plot can be found above, so Ill just tell you what I liked (and didnt like) about the book:What I liked:Most of the characters are likable and relatable. They have their quirks and idiosyncrasies, but spending time with them is fun. Their competition about who could come up with the worst pun for a given situation had me smiling. You can really tell that the main characters care about each other, even when theyre fighting.I also enjoyed the setting - London is such a great city. The book certainly made me yearn for a visit.As usual with this author, the book is well written and entertaining. Time flies while you immerse yourself in the story.What I didnt like:I dont enjoy Scarletts character. She comes across as very immature for someone whos almost thirty. Banging doors, sulking in your room, refusing to even listen to your friends well-meant advice she often acts more like a teenager than an adult. Shes disgruntled when her cousin wears high heels because they make her seem taller than Scarlett. True, there are people like this in real life, but shes not exactly a person Id enjoy hanging out with.There are a few issues with research. Just stopping by the Savoy for afternoon tea is rather optimistic, for example. If I remember correctly, they advise you to book at least several weeks in advance. Also, the instance of male primogeniture in the book seems to bear very little resemblance to reality.The ending seemed a little rushed. I loved the whole setup of the mystery a nice number of suspects (not too many, not too few) with interesting character traits and relationships. There were some characters you hated and some you loved. It was great fun, but suddenly the murderer basically confesses, and its over.Conclusion:I liked the first book in the series a lot better than this one. Overall, this book is a solid but not a great mystery (at least in my opinion). Ill probably buy the next book in the series, but thats due more to the first book than this one.0 von 0 Kunden fanden die folgende Rezension hilfreich. Possibly addictiveVon I love sportsIf you like a bit of crime, salted with humour and peppered with romance, this is the series for you. I like detective novels set in English villages or in London and I also like chic lit-as long as it's not the "sex and the city" type,anyway. At the end of the ebook, there's also a comment by Jenn McKinlay. Thank you very much for that,Jenn. It's nice to read a little about how you feel writing and "plotting". As a reader, I often wonder whether the author has a similar attitude towards his characters,for example. Looking forward to part 3 and to how Harry and Ginger finally get it together...

KurzbeschreibungONE IN A MILLINERScarlett Parker and her British cousin, Vivian Tremont, are hard at work at Mims Whimstheir ladies hat shop on Londons chic Portobello Roadto create hats for an Alice in Wonderland themed afternoon tea, a fund-raiser for a local childrens hospital. It seems like a wonderfully whimsical way to pass the hat, and Scarlett and Viv are delighted to outfit the Grisby family, the hosts who are hoping to raise enough money to name a new hospital wing after their patriarch.Unfortunately, the Grisby heir will not live to see ithe been poisoned. When traces of the poison are found on the hat Scarlett and Viv made for him, the police become curiouser and curiouser about their involvement. Now the ladies need to don their thinking caps and find the tea party crasher whos mad enough to kill at the drop of a hatPressestimmenPraise for Cloche and Dagger:A delicious romp through my favorite part of London with a delightful new heroine.Deborah Crombie, New York Times bestselling authorFancy hats and British aristocrats make this my sort of delicious cozy read.Rhys Bowen, bestselling author of the Royal Spyness MysteriesBrimming with McKinlays trademark wit and snappy one-liners, Anglophiles will love this thoroughly entertaining new murder mystery series. A hat trick of love, laughter, and suspense, and another feather in [Jenn McKinlays] cap.Hannah Dennison, bestselling author of the Vicky Hill MysteriesKurzbeschreibungONE IN A MILLINERScarlett Parker and her British cousin, Vivian Tremont, are hard at work at Mims Whimstheir ladies hat shop on Londons chic Portobello Roadto create hats for an Alice in Wonderland themed afternoon tea, a fund-raiser for a local childrens hospital.
