Teil mithalten! So wie es bei Fortsetzungen meistens ja immer ist... Leider!... Schade! Aber trotzdem 4 Sterne!0 von 1 Kunden fanden die folgende Rezension hilfreich. Kurzbeschreibung Eight months. Thats how long its been since Eliza last saw Gage and they both feel as if they dont deserve one anothers forgiveness. He screwed up. She walked away without looking back. Theyll try and make up all the time theyve lost with one another, that is until theyre facing the choices of either going their separate ways, or hanging on and fighting for dear life. The fights will be endless. The heartache will be real. The demons will return, and they wont back down without a fight. There are some who will do anything to keep true love apart, and those same people will dig deep into their demonic ways until Eliza and Gage are literally no more. Can Eliza and Gage overcome it all? Will they be able to face the true demons that are seeking to destroy them? Or will they just forget about everything theyve worked so hard for and go their separate ways? Sometimes you have to go through struggles in order to reach an ultimate point of peace but will their struggle be worth it? \*Recommended for ages
