Amazing!Von BlueHaraWild Cards: Just as good as Game of Thrones. Maybe even trumps it. Even better since - it

being an anthology - you get a variety of different talented voices uniting to tell the same story. Marvel had NOTHING on this. MAKE THIS A TV SHOW!2 von 3 Kunden fanden die folgende Rezension hilfreich. A novel written by almost 10 different authors Von T. H. Been Finally a science fiction book which doesn't make you fall asleep. In fact a reprint from 20 years ago before fantasy took over the book lists. Short stories from well-known authors which fit together well and form one exciting storyline. A very good follow up of the first volume of this series about the accidental aces.

Pressestimmen "Delicious... Everything I'd hoped for in a new Wild Cards book. The character interactions and plot twists have exactly the complexity, surprise, and unsentimental realism I'd expect out of a George R. R. Martin project." --Austin Grossman, author of "Soon I Will Be Invincible," on "Inside Straight" "Delicious Everything I'd hoped for in a new Wild Cards book.
