Books release date: October 29, 2013
About the book: Bishop, Arkansas. Mayor Jackson Davies wants to leave - he hates being Mayor and he hates small-town life. As soon as he can send his little sister off to College he's out of Bishop! The only problem is - his town is dying. The town's only chance comes in the form of a TV Competition: a big cookie company wants to move their factory and headquarters to small-town America. It's his only hope - with the factory and its taxes and new jobs etc. the town could be saved. The only thing standing in the way is Monica Appleby - Reality-TV-star turned Bestselling Author. She's back in Bishop to write a book about the 'murder' of her father. Which is not something the Mayor wants America to hear about when it's time for them to vote for their favorite small town. And of course - as if that wasn't bad enough - sparks are flying like crazy between Monica and Jackson. But both have been hurt and don't want a relationship - both are leaving town as soon as their work is done. But that's not what will happen. Another little story-line is about Shelby - art teacher and single woman. I guess we'll hear her story in the second book in the series BUT THAT'S IT.....I'm not telling you more about the story - it would spoil your reading pleasure - you have to read it yourself! OK, I might be persuaded to tell you a few tiny facts:- there will be lots of Kissing and Touching and SEX- there might be a bathtub scene! H.O.T.!!!- Jackson's sister Gwen has a big part in the book - maybe we'll hear her story in another book in the series.- Cora from the diner - could also get her own book :) There are lots of stories in Bishop!(and I would sooo love to go to Cora's and eat everything on the menu!!!)- the real star in the book is Reba :) Monica's ugly little inherited dog!! OK - That's it - you have to read it to find out if there will be a happy end or a cliffhanger or if everybody dies at the end MY THOUGHTS: I REALLY ENJOYED THE BOOK! It was a cute, sexy romance - no big surprises or suspense - just Romance - and that was totally ok :) Jackson is a really cute and thoroughly GOOD guy - helping his sister - his town - everybody. And he's soooo good-looking too Monica, with her sad past just wants to belong somewhere - she wants someone to love her - even if she doesn't even admit that to herself. A few things I didn't like- The Cover of the book? I like the picture - but it doesn't fit with the book - the guy looks like he's a football Pro or a MMA fighter - but not a sexy small town Mayor. For such a romantic story - it would've been better to put a cute small town on the cover - with a couple walking a dog - something cute!- there's one weird perspective change after a few chapters - first I thought there's a killer on the loose and we now see the story through his eyes - but it was just Shelby's little story-line. But the way it just happened was not very 'flowing' - the writing disturbed my reading pleasure a tiny bit - Molly always lets people stutter nervously. I could understand it if it was ONE person - a very nervous and shy person - but she does it with everybody. Lots of sentences begin with: I'm not....I'm not doing bla bla Can we....can we just start bla bla How does....how does this work bla blait was way too much stuttering! But - I really liked ALL characters and I am looking forward to the next book in the series! Bishop, Arkansas - BOOK #2 no idea when it's out.. :(((

Kurzbeschreibung Perfect for readers of Susan Elizabeth Phillips and Rachel Gibson, this sizzling romance tells the story of a sexy small-town mayor and a notorious bad girl, who discover that home really is where the heart is. Monica Appleby is a woman with a reputation. Once she was America's teenage Wild Child, with her own reality TV show. Now she's a successful author coming home to Bishop, Arkansas, to pen the juicy follow-up to her tell-all autobiography. Problem is, the hottest man in town wants her gone. Mayor Jackson Davies is trying to convince a cookie giant to move its headquarters to his crumbling community, and Monica's presence is just too . . . unwholesome for business. But the desire in his eyes sends a very different message: Stay, at least for a while. Jackson needs this cookie deal to go through. His town is dying and this may be its last shot. Monica is a distraction proving too sweet, too inviting and completely beyond his control. With every kiss he can taste her loneliness, her regrets, and her longing. Soon their uncontrollable attraction is causing all kinds of drama. But when two lost hearts take a surprise detour onto the bumpy road of unexpected love, it can only lead someplace wonderful. Molly O'Keefe is a unique, not-to-be-missed voice in romantic fiction. New York Times bestselling author Susan Andersen Praise for Wild Child If there is one contemporary romance novel you must read in 2013, this is it. . . . This book, this book. . . . I could go on and on . . . but I will just end with this: not only was the plot beautiful but the writing was as well. Loves a State of Mind One of my favorite things about [Molly O'Keefe's] books is the way they refuse to shy away from messy, complicated characters and relationships. Wild Child is no different in that regard. . . . It is a testament to O'Keefe's skill as a writer and a storyteller that she imbues Jackson and Monica's stories (as a fledgling couple and as individuals) with a tremendous amount of emotional depth and sensitivity. . . . O'Keefe can bring characters . . . into vivid and compelling life as they stumble, sometimes joyously, often painfully, always passionately, toward love and mutual happiness. Dear Author I fell in love with this book from the very beginning. . . . It has the right amount of romance . . . and the sex scenes were hot too. Night Owl s As I have come to expect from Molly O'Keefe, Wild Child is a deliciously steamy romance that has plenty of substance. . . . Another fabulous book by a very gifted author who I highly recommend to anyone who enjoys contemporary romances. Book s More by Kathy Molly O'Keefe is one of my favorite writers. You can count on her to create characters that will test you and take your emotions for a spin, one moment loving them, the next wanting to give them a good shake. Well, she didn't let me down with this story! . . . The writing

is spectacular and meaningful, the story has depth and the characters extremely interesting and true to their designed nature. I make no bones about OKeefe being one of my favorite writers and, even though I was prepared for a good book, I was blown away by this one. The Book Nympho From the Paperback edition. Pressestimmen Molly OKeefe is a unique, not-to-be-missed voice in romantic fiction. The Book Nympho Super hot scenes, laughable moments and some of the most romantic gestures I have read . . . Happy reading! The Reading Cafe Its no secret that Molly O'Keefes novels are my favorites in the very crowded contemporary romance genre. Her books . . . are brilliantly subversive. All of the novels Ive read by this author riff on romance archetypes and conventions in a deliciously satisfying manner. . . . When it comes down to it, if you're looking for an authentically complex romance narrative . . . read Wild Child.
