**Von Tricia O'Malley : Wild Irish Roots: Prequel to the Mystic Cove Series (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Wild Irish Roots: Prequel to the Mystic Cove Series (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich.  
Charming Von Hoener, Birgit An enchanting little story about roots, heritage and accepting (or not) one's

responsibilities. This is the prequel to *Wild Irish Heart*, which - unfortunately, in this case - I read first, so I knew this book did not have the ending I hoped for, which made me a bit biased even before I started it. If I manage to put that feeling aside, this is a charming story about Margaret who cannot accept what her mother is, and what she herself might be, and chooses a different way. Like the (proper) first book in this series, this story was well told, with what I call "genuine" characters, i.e. someone who feels real, whose actions and reasoning you can understand, etc., and kept the reader captivated from the first sentence. Definitely a recommendation, especially to read this first before you start the actual series. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A good read. Von Mel Fiona seems to be the life and soul of this lovely series. She loses her own daughter to America because Margaret didn't happen to be strong enough to be herself. Her daughter denies her true identity, literally runs from herself into unhappiness. However, she shows us her mystical Irish world with her own scared eyes and we can't help, but be understanding. It's the prequel to *Wild Irish Heart* and a must if you truly want to understand the background of the series. It's fascinating, enchanting and charmingly narrated.

**Kurzbeschreibung** Margaret O'Brien's life is about to change forever. Growing up in the small town of Graces Cove, Margaret never knew that she was different. She didn't understand why people were unnerved by her ability to see what others could not. When her mother explains that she is special, gifted, her world shifts forever. Desperately wanting to be normal, Margaret is determined to seal that part of herself away. It seems as though she might succeed until Sean Burke steps into her life. Sean is an apprentice on a fishing boat and is pursuing his dream of running his own fishing business. Tales of the fish pulled from the rumored-to-be-enchanted cove are legendary across Ireland, and Sean is determined to learn its secrets. What he doesn't expect is to be blindsided by his love for Margaret. Helpless to stop loving Sean, but unable to confess to her shameful secret, Margaret must face the truth about herself or run away from it forever. From New York Times Bestselling author, Tricia O'Malley, comes a new romance series set on the rocky shores of Ireland. **The Mystic Cove Series: Wild Irish Roots Wild Irish Heart Wild Irish Eyes Wild Irish Soul Wild Irish Rebel Wild Irish Roots: Margaret Sean - Summer 2015** Kurzbeschreibung Margaret O'Brien's life is about to change forever.
