WoodsReviewer: Ingrid Stephanie JordanGenre:#Paranormal #WolfShiftersMy Score: 5 Stars As far as I'm concerned Ms. Woods could take this whole Series and just keep writing, book after book it's a goldmine. She has brought the characters together to where each one of them has their own identity and attitude that makes this book, this series just unbelievable. Yes, I recommend this is definitely a Must Read. Marco Wilding was a Wolf Shifter and Alpha in the toughest shifter territory in downtown Seattle. Donald Wilding, Marco's father was also an Alpha, a mean man who wanted and got if you refused life was not good for you, if you were a female, let just say if the Alpha wanted you would probably want to be dead. Marco took care of his Pack, family in the shelter. But the Wolf Hunter was taking them one by one. Julia Holloway was hiding and starving when she saw masked men trying to kidnap a boy. Just like the last time her wolf came out mean and ready to kill. Julia didn't realize how to control a shifter. I was gifted this ARC for an honest and truthful review.

Kurzbeschreibung He's a shifter gang leader. She's a halfling on the run. And the Wolf Hunter has just declared open season on them both. Marco Wilding's pack is being picked off, one by one. The Wolf Hunters mercenaries are snatching wolves off the street then dumping the tortured bodies inside Marco's gang territory. When they go for a shifter kid, Marco's patrol is on it until a beautiful female wolf steps in and kicks the kidnappers' ass. The delay saves the kid, but Marco can't stop drooling over this brave, unmated female who mysteriously landed in his lap. Only she wants nothing to do with him. Julia Holloway's life was finally turning around she was getting her degree and getting out of her mother's house with its parade of abusive step-fathers. Then her wolf went wild and ruined her life. Now she's on the run, but her wolf is still out of control. When it once again tries to save someone, this time a kid who was being kidnapped, she gets an offer she can't refuse safe harbor inside a shifter gang while she gets her life back on track. Only the hot shifter leader with the passionate eyes wants a mate and wants her to stay. As Julia and Marco race to stop the Wolf Hunters' men, Julia will have to do more than just tame her wild wolf she'll have to decide whether giving up everything she wants will bring her the one thing she really needs. WILD ONE is a complete novel with HEA, the fourth in the Wilding Pack Wolves series. All stories are stand-alone, but for maximum reader enjoyment, start with the River Pack Wolves trilogy. Contains scorching hot shifters, alpha heroes, and sexy halflings. Only readers over 18 should dive into the dangerously hot world of the Wilding Pack Wolves.
