itVon Jessica WernerI have thoroughly enjoyed reading the story of Ragna. It was not only nice to see the difficulties when two hard headed people clash and fall in love, but also a piece of history. Full of love, intrigues, passion and pride, this book has been a great read, that I could not put away. Just \_after\_ reading it I realized that it is not the first part of a series, which is a good thing, because I did not feel like I had to have read the other parts to understand everything, as it often is with series. Anna Markland has a fantastic way to write, her choice of words fits the times the story plays in and she does a unique play with them that is unique and paints a beautiful picture. I can't wait to read more of her.
