**Von Naomi Horton : Wild Ways (Intimate Moments, 986)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Wild Ways (Intimate Moments, 986):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Absolutely loved it.Von Ein KundeThis was a continuation of her "Wild" books, and although I never got a chance to read the first one I thoroughly enjoyed this one. From the very first page, I was completely captivated by both characters. Naomi Horton really delves into both and makes you truly know them (and root for them every step of the way). I first read her in an anthology and loved her matter-of-fact, witty, and incredibly fun writing style. Unfortunately, none of her other books are in print--hopefully there will be some reprints soon. Anyway, this one definitely does not disappoint.0 von 0 Kunden fanden die folgende Rezension hilfreich. Writing as it should be.Von Ein KundeI read this book in one day. I loved both Rafe and Mary Margaret. What great characters! I especially liked

the fact that Meg wasn't a weak, wimpy "take care of me" type who couldn't function because of her rioting hormones. I've read too much of that sort of stuff lately. Want to slap those women up side the head! Mary Margaret and Rafe are fabulous together. Both in and out of bed! Now that I know there is another book in this series, I'm going to check the library to see if I can read that one. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Wonderful, can't-put-it-down read! Von Catherine Maxwell This book completely captured my imagination. What a wild, wonderful time I had reading it. Thank you, Naomi Horton. Romance as it should be! :o)

Kurzbeschreibung All ex-agent Rafe Blackhorse wanted was to capture the man he'd been hired to retrieve and head back to his secluded life in the mountains. Unfortunately, an unforeseen shoot-out forced him to protect both his client's best interests and one very attractive computer specialist named Meg Kavanagh. Rafe soon realized that Meg was trouble with a capital T. An elusive killer was stalking her every move, and now Rafe's life was in danger, too. But all of Rafe's field training hadn't prepared him for a mission in which keeping his heart intact was going to be the biggest challenge of all.
