Unexpected but very goodVon KundeWhen first heard of Will as title of the second book I thought we will get the first ten years before Eleonor. But then it was not a prequel but just the second part which I found very relieving.However without not wanting to spoil the story is unexpected and the end is clearly to go for the next book. I'm definitively looking forward to book three and hope that the story will end with book five.0 von 1 Kunden fanden

die folgende Rezension hilfreich. just as captivating as eleanorVon Katharina OleschWill is hiding a dark secret wich will affect everyone. He has to make some difficult decisions and tries to run from his fate. Even though it is part of his personality the author gave him to keep every burden he has to himself and doesn't want any help from his friends, it's at some point rather annoying that he tries to do everythin on his own. The book itself never gets boring. I really love this series :)

With all the resources at their disposal, the hunt for the Five has begun in earnest.With Conlan's army growing, the time has come for them to cease fleeing and begin their battle for the heart and soul of Mydren. Yet for Will there is only one goal: to see Conlan crowned king, thus securing the future of those he loves.The task of guiding Conlan and his comrades through the oncoming battles will require every last ounce of Will's guile but he has secrets of his own that threaten everything the united powers of the Five represent.With time running out, does Will have the strength to face the encroaching darkness alone?Kurzbeschreibung "Often the scars that grieve us the most are the ones we carry deep inside."Hammered with determination and paid for in blood, the connection that binds Will to Conlan and his fellow Avatars has finally been forged and the Five are beginning to discover the extent of their staggering potential.Now these living embodiments of elemental magic pose a threat that the despotic Lords of Mydren cannot ignore.
