Romance Book Von Ein Kunde This was the very first romance novel that was given to me 10 years ago when I was just 15 and I still treasure the images of the characters and the book itself. I just couldn't put the book down I have read and read this novel over and over so many times that I decided to store the book to keep it in it's original condition possible. Anyone that enjoys the setting that this story is placed in will just enjoy reading this book I have not been able to find another that can top it. It will always be my favorite.
