**Von Ed James : Windchill (Detective Scott Cullen Mysteries Book 6) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Windchill (Detective Scott Cullen Mysteries Book 6) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. First part on par, second part boringVon aston\_mucThis book is divided in two parts, I don't know why. SC keeps on whining about not becoming DS which gets quite annoying over time. He should just take it like a man and not like a pussy. He finally stopped drinking which is good for him and the reader.I've read all 6 installments by now and this is the weakest part by far.
