great book

Kurzbeschreibung Meg had thought that taking a commuter flight from Pasco, Washington to Boise, Idaho would be a simple matter. But nothing is simple for Meg when it comes to travel, and especially not when she finds herself in the Middle Ages again instead of in a plane crash on a mountain side in Oregon. And when the pilot takes off without her in a quest to return to the twenty-first century, Meg will need every last bit of maturity and knowledge she gained in the sixteen years she spent in the modern world--to survive even a day in this one. A note from the author: This novella was started many years ago, as part of Footsteps in Time. When it came down to it, however, the story didn't fit with what was happening with David and Anna, and had to be put aside. Happily, I am now able to share the story of Meg's return to the Middle Ages. Thus, Winds of Time takes place between Part 1 and Part 2 of Footsteps in Time, Book One in the After Cilmeri Series. I think you will enjoy Winds of Time more if you read Footsteps in Time first. Diolch yn fawr (thank you)! -Sarah

ber den Autor und weitere Mitwirkende With two historian parents, Sarah couldn't help but develop an interest in the past. She went on to get more than enough education herself (in anthropology) and began writing fiction when the stories in her head overflowed and demanded she let them out. While her ancestry is Welsh, she only visited Wales for the first time while in college. She has been in love with the country, language, and people ever since. She even convinced her husband to give all four of their children Welsh names. She makes her home in Oregon.
