The statement that size doesn't really matter can hold true in some instances. This book is one of those moments. Although "Winning Appeal" is more on the shorter side, the book still delivers and fulfills all expectations. And N.M. Silber gives us all the things we have come to expect from her books - romance, suspense, hot wild sex and loads and loads of laughter. All of it delivered with a class and sophistication that is hard to find. It is intelligent and witty, often tongue-in-cheek humour that has made me a devoted N.M. Silber fan. Beth's and Mark's story had me laughing so hard I had tears running down my face and couldn't breathe. It's the best laugh I had in months. This is the perfect cure when feeling moody or blue. It's bound to brighten your mood instantly and made me one of those people who look like they've lost their marbles, because I couldn't stop grinning. And there is so much to grin about. But I also learned a few things. 1.) I want to work with all those crazy people at the Justice Project, so N.M. Silber better turns it into reality. 2.) I want to have all of them as friends. 3.) N.M. Silber not only has class, but a great taste in music. This book focuses, as mentioned on Beth and Mark, whom we both met in the previous installments of the series. They always seemed very laid-back, relaxed and reasonable. The first impression proved to be right. Unlike the other couples those two are surprisingly free of drama and baggage, getting quite quickly to the point of admitting their feelings. But even the short journey is quite adventurous and at times bumpy - especially due to the fact that Beth comes klutzy and awkward around Mark. This makes for some well-timed and well-dosed comedy. And once they get better acquainted - in the biblical sense - their chemistry doesn't lose any charm. But how could it with characters like Beth and Mark. Beth is a really sweet woman. Non-judgmental, open-minded and understanding. Yet, she isn't naive or a doormat. She stands up for herself and what she believes in - but she does so in a classy and not a catty way. Despite her background and wealthy upbringing, she's down-to-earth and not conceited, which already earned her loads of brownie points. Her awkwardness around Mark makes her endearing and cute. She's not insecure or a bubblehead. She's just really smitten with Mark. And how could she not be. Mark is sexy, smart, sophisticated, sweet and fights for the underdog - what more could a woman want? He might be a player until Beth, but one with class and respect for women. He's focused on helping other and takes his job seriously. The same goes for his feelings for Beth - not scared in the least to commit. There wasn't a single moment when I wanted to slap him. His wit and sarcasm were entertaining and made me like him immediately. And if that wouldn't be enough for an awesome book, once you add the rest of the gang with Gab, Braden, Adam, Lily, Cam, Jess and Bruce as well as the new face in the story, Caitlin, it doesn't get much better. That coupled with Columbo style crimes and crime solving from the modern-day Scooby gang, is a guaranteed success. One that you won't be able to put down. 5+ charming, witty, perfect comedy stars. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Humorvoll geschrieben, aber Story flach
Von Andy
Das Buch war witzig geschrieben, wie die Vorgänger-Bücher. Die Dialoge waren aber nicht so spritzig und interessant wie die anderen Bücher dieser Serie. Auch war die Story ein wenig flach. Daher nur 3 Sterne.
