Though I came across it quiet by accident and didn't really expect a masterpiece I nevertheless ended up enjoying this wonderful historical novel!**USA 1876Desperate to escape her violent past, Megan Connors flees her home in Virginia. In South Carolina, where she'd been offered a position as a schoolteacher on a ranch, she wants to start a new life for herself

and soon, Megan finds the peace she'd been looking for. She loves her new job and surroundings and life would almost be perfect - if it weren't for her rude employer, wealthy ranch owner Charles Donovan. Megan feels anything but comfortable in the man's presence but in time she realizes that Charles' cold attitude is nothing but a faade and that, in truth, he's merely trying to protect his battered heart...Ever since his wife's death, Charles Donovan has devoted his life to his work and ranch. Rachel's deception and his own feeling of guilt concerning her death left him a broken man who's determined to avoid falling in love again at all costs - until Megan enters his life and slowly thaws the icy wall around his heart.Now, unable to deny their growing feelings for each other, both have to find the courage to face their past in order to find a future together...**Rich in feeling, with two great main characters and a captivating story, this book is love story and adventure all in one and will keep you entertained right from the start!0 von 0 Kunden fanden die folgende Rezension hilfreich. Intoxicating storyVon LeseratteCouldn't stop reading. Interesting feature about misused women. I think it's seldom, that they are able to outrun the bad guys. But in this story the leading woman is strong and able to start anew life.
