KurzbeschreibungTales of the Harker Pack: Book Three Winter Thane was raised on the two cardinal rules of werewolf existence: dont reveal yourself to humans under penalty of death, and theres no such thing as a gay werewolf. Its no surprise when his father drags him from his wild life in remote Canada back to Connecticut to meet his old pack in hopes it will persuade Winter to abandon his love of sex with human males. Of course Dads hopes are dashed when they come face-to-face with the gay werewolves in the Harker pack. Winter takes one look at FBI agent Matt Partridge and decides bird is his favorite food. Partridge is embroiled in an investigation into drug dealing and the death of a fellow agent. He cant let himself get distracted by the young, platinum-haired beast, but then Winter proves invaluable in the search for clues, a move that winds them both up in chains and facing imminent death. Winter quickly learns his fathers motives are questionable, the pack alphas are a bunch of pussies, humans arent quite what they seem, and nothing in the forests of Connecticut is pure except love.
