LimogesReviewer: Stephanie JordanThe say the first year is the hardest when you get married. Especially after the honeymoon is over, guess that includes wolf mates too.Kate Matthews had a lot of issues, for one her wolf was never around. Plus she's only shifted once in her life, with her mate but that was it. Her wolf would not talk to her not one word. Not only was her wolf a problem but Stephen Dorsett her mate keeps bugging Kate to go to the Winter Solstice Run, but what if she can't shift in front of everyone that would embarrass Stephen more. No Kate would just not go to the Run. Oh so many problems to make matters worse Stephen was working early morning till way after midnight and they were always fighting. NOW Kate finds out she's pregnant.
