Von John Buchan : Witch Wood (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Witch Wood (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 1 von 1 Kunden fanden die folgende Rezension hilfreich. Witch Wood Von Michael E. Marshall A good, engaging read. Well developed characters and an excellent insight into a peculiar time of history. Also, a healthy examination of the religious doctrines and culture that define the Scottish Presbyterian presence in what is now referred to as the Reformed Faith.

Kurzbeschreibung John Buchan was a Scottish author and Unionist politician who served as Governor General of Canada. He wrote a series of books that follow the adventures of Richard Hannay, an expatriate Scot who was first introduced in the classic novel *The Thirty-Nine Steps*. Pressestimmen 'Buchan knew that you can't buck the consequences of your actions, and that your life is what you make of it. Perhaps his peculiarly Scottish combination of Romanticism and Calvinism - daring living and high thinking - is due to return to fashion.' - *The Independent Magazine* Pressestimmen 'Buchan knew that you can't buck the consequences of your actions, and that your life is what you make of it. Perhaps his peculiarly Scottish combination of Romanticism and Calvinism - daring living and high thinking - is due to return to fashion.' - *The Independent Magazine*
