The best of three books...Von Ein KundeKathleen is a headstrong character who is unafraid to confront others about the dirt that she finds in the town. She wants to help clean it up even though she knows that it means she will be intimidated by

certain prominent people... She has friends who help her, including Johnny, who comes from a different background, and struggles with his feelings for Kathleen. Dorothy Garlock does an excellent job of writing a sensitive and heartwarming book that makes us feel with the characters. I feel like I am witnessing the whole thing and I find myself rooting for both Johnny and Kathleen. I can't wait until spring to read her new book called *After The Parade*. A job well done, Dorothy!

With her stories there is never just an instant attraction and get together of the main characters, but a slow building up that makes the stories believable. When Johnny and Kathleen do get together, you have had such a build up that it seems so exciting. I also liked the mystery in every story. There is always some little surprise that you don't discover until the end. Lastly, Ms. Garlock's men are always the nicest guys. I will be waiting impatiently for the continuation of this story to come out in the spring of 2000!

They are so well written that they carry you back in time to those days and you feel that you are there with her characters. She proves that a book can be so intertaining that you don't have to have the graphic sex descriptions to hold a person's attention. Keep up the good work, thanks!
