Kurzbeschreibung A SENSUAL VICTORIAN BEAUTY AND THE BEAST Elise Craft prefers studying the flora and fauna of England to playing the social games of the ton. Nearly "on the shelf" she's convinced herself that's enough--even though she secretly longs for a lover who will cherish her. Defying her family's wishes, she travels to a remote area to indulge her interests. There, she stumbles upon the border between everyday England and Faerie where she makes a surprising--and sensual--discovery. **WITH HEART TO HEAR is a 40 page romantic fairytale containing scenes of magic and physical affection. It is not appropriate for young readers. ** "Ms. Robertson combines a lush prose style with a sharp eye for characterization and detail. You will not be disappointed." ~ Jody Wallace, author of Pack and Coven, A Mage By Any Other Name, and other works.
