**Von Sonya C. Dodd : With Hindsight (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised With Hindsight (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. The Perfect PaceVon ChameleonNow, THIS is my kind of romance novel. This book was perfectly paced for me. Descriptions relative to where the characters were and what they were doing were not overdone, and the love scenes were not mired down in graphic detail. Everything flowed perfectly for me, so much so, I read it completely through in one sitting!Daniel and Annabel's situation was believable to me, and the actions they took considering the positions

they were in were spot on. Annabel is bright and driven, and I admired her for the decisions she made, even though her heart told her otherwise at times. Daniel, on the other hand, was not one that got much sympathy from me. True, in the beginning, he was certainly the guy every young woman would want falling for them. Attentive, very considerate, and the way he made a couple of her dreams come true, was touching to say the least. But, he could afford to, and I wanted to wring his neck for knowing full well that he had to eventually break her heart. Daniel goes through a long period of misery, however- self-imposed, if you ask me- so I'd say he got his due, and I somewhat forgave him. I'm not so sure I would have trusted my heart to him again, if I had been Annabel, but, you know what they say about love... I liked the ending, as well, and I think the last few pages of the book really showed how much they had both grown. Simply put, I loved this story, and I think the author did a superb job handling all aspects of it. I'll certainly be reading more from her.

Power Can Be an Illusion Von Warrior Princess As I read "With Hindsight" by Sonya Dodd, the journey of her protagonist, a young woman named Annabel, reminded me of these lyrics by Bering Strait, "And you know that you've been gone, a little bit too long when going home, feels like moving on." As Annabel boards the plane to go visit her native England after an eight-year-long successful journalism career in New York, she probably feels exactly the same way. And, of course, her trip is not defined just by business interests. Her main concern is the possibility of meeting Daniel, a man she used to love those long eight years ago. And just like the song says, Annabel wants to move on with her life, find her own love and life independent of Daniel, and she hopes that this journey back home after a long absence will enable her to move on. From the very first pages of this novel, the characters are portrayed in an interesting and engaging way. And neither is what they appear at first sight. When Annabel meets Daniel for the first time, he comes across as wealthy and powerful, but that power is deceptive. His life is ruled by his family, his social status, and the wealth that he has to maintain by making decisions based on his parents' will, not his own. Annabel comes from a much more modest background, but she is strong and independent. Almost immediately, the two are drawn to each other, in what becomes a passionate yet complicated relationship. The story is interesting and well-written, complete with descriptions of romantic settings, heartfelt emotions, love, and heartbreak. The alternating viewpoints, Daniel's and Annabel's, used throughout the story, give in an extra layer of depth and psychological meaning. A fun and engaging read!

Dodd I was given a copy from the author in exchange for an honest review. With Hindsight is a moving tale about Annabel and her love for Daniel, which turns out to be filled with complications. The author weaves the words of the book in a way to capture the reader's attention from start to finish. It is nicely written and full of the necessary elements to draw a reader inside. Romance, love, emotional turmoil, twists and deep though makes this a very enjoyable read. A wonderful 5\*\*\*\*\*

Kurzbeschreibung Meeting at university, it seemed as though they had the world at their feet when Daniel and Annabel fell in love. Both ambitious and ready to take on the world neither was prepared for the way they were torn apart by forces greater than themselves. Years later, they bump into each other and realise the flame of love has not been totally extinguished. Now a successful, rising politician, Daniel breaks away from a loveless marriage and pursues Annabel once more, desperate to prove himself to her. Finally, permitting herself to allow him back into her heart, Annabel embraces Daniel's love and looks forward to finding her true love at last. However, the rocky path of their lives once more threatens to destroy them both as someone else's plans backfire and they struggle to remain strong together.
