Von Dorothy Garlock : With Song (Heart Series Book 3) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised With Song (Heart Series Book 3) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Historical accuracyVon Ein KundeDorothy Garlock goes the extra mile to ensure her books are historically accurate, capturing the flavor of the time period, perfectly defining her characters--even by their thoughts and words. Her books

are gritty, but so were some of the people during the time periods she writes about. If you read this book with a 90's sensibility, you are not only doing yourself an injustice, but the author as well. A good author should not rewrite history or have the characters talking like they live in this generation. Yes, Dorothy Garlock's books are gritty, and some scenes and words make me wince, but I appreciate an author who doesn't walk on eggshells to make her characters perfect little people; and in the case of WITH SONG, people who were politically correct in a time period that wasn't!

0 von 0 Kunden fanden die folgende Rezension hilfreich. Didn't like the word nigger

Von Ein Kunde

This book looked interested, the review on the back promised to be just that. As I started to read the book and saw the following statement: "He looks cool as a cucumber while I'm sweating like a nigger at an election." That statement revealed something about the author, and others involved with this book. I have no idea how that could have any kind of meaning to anyone, unless you are speaking from experience. Please know that being Black, I am also an avid reader and have read some of Dorothy Garlock's books, but I don't know what to make of this statement or its relevance. I will wait for an explanation. I do have in mind to contact others about see if I can find out if this is as insulting to others as I find it.

0 von 0 Kunden fanden die folgende Rezension hilfreich. An Exciting, Entertaining, Very Real Story of the 1930's

Von Ein Kunde

I have just started reading Dorothy Garlock. I have found her one of the most knowledgeable authors in the Depression era. I think we need more books about the hard times that people had to endure during that period. There are too many young people today that do not have a clue what it was like to have to work for a living. I now appreciate what my mother and father had to go through. I grew up in Kansas also, and this book made every thing seem so real. Thanks heavens for people who bring real life into their stories so we all can learn some history. I can't wait for With Heart, in October 99' I am looking forward to getting on with The Dolan's and how they make out.

Kurzbeschreibung Molly barely noticed the sedan that pulled up in front of her family's store. Minutes later, a hail of bullets rained down on her parents. Hod Dolan, the federal agent knows she can identify the gunmen, and soon proposes a trap that uses Molly as bait.

de Setting: Rural Kansas, 1935 Sensuality: 6 Molly McKenzie's peaceful world is shattered one summer evening in 1935 when gangsters kill her parents while robbing their country store. Hod Dolan, the federal agent sent to investigate the crime, suggests a plan to use Molly as bait to trap the gunmen. While Hod knows the plan threatens all of their lives, he doesn't know that protecting Molly will endanger his heart. Drawn to the lovely young woman at first sight, Hod finds himself falling deeply in love with her. Molly, however, is still struggling to deal with the violent death of her parents and is wary of loving a man whose occupation is fraught with danger. Bound together by their mutual determination to bring her parents' killers to justice, the two begin to forge a relationship, but neither of them knows yet of another threat to their lives that is darker, more sinister, and much closer to home. With Song is the second in a trilogy by Garlock that began with her bestselling novel, With Hope. Set in the rural Midwest during the dangerous and fascinating 1930s, these novels offer an intriguing look at life during the Dust Bowl years--and they ring with authenticity. Hod and Molly are strong, honorable, and courageous characters whose story is balanced by colorful secondary characters and a well-developed plot, making Garlock's latest offering a satisfying read. --Lois Faye Dyer.com
