Das erste Buch einer groartigen ReiheVon Steffen SpathDer Anfang der RAN Saga.Der junge Leutnant Daniel Leary ist zu seiner ersten Reise zu einem fremden Planeten aufgebrochen. Dort erlebt er den turbulenten, rasanten und actiongeladenen Anfang einer vielversprechenden Karriere. Das Buch ist kurzweilig und sehr unterhaltsam. Ein Muss fr Science-Fiction Fans.0 von 1 Kunden fanden die folgende Rezension hilfreich. Schaler Abklatsch mit vllig unglaublichen CharakterenVon DIMIJeder, der die Romane von Patrick O'Brian gelesen hat - ohnehin nur ein langatmiger Abklatsch der "Hornblower"-Romane von C. S. Forester - wird dieses merkwrdige, als Space-Opera

Entertaining space opera Von UpoolloopU They used to call this kind of thing space opera. No, not a visionary and intellectually challenging exploration of social possibilities (geez, if that's what you want, go back and read LeGuin or Cherryh) but a dam' fine read that accomplishes all to which it aspires. The reviews that have compared it to O'Bryan's Aubrey - Maturin novels and (to a lesser extent) to Weber's Honor Harrington series, are dead on. Good company imho, though in this tale Drake is less technical than Weber and less encyclopaedically erudite than O'Bryan. For what it's worth and in case the word hasn't gotten around, Drake has a sequel coming out titled "Lt. Leary Commanding" due out from Baen Books this coming July. I thought well enough of With the Lightnings that I plan to snag the sequel as soon as it hits the shelves.

Kurzbeschreibung A Friendship Forged in Hell! Daniel Leary is a lieutenant in the Republic of Cinnabar Navy with no money and no prospects since he quarreled with his ruthless, politically powerful father. Adele Mundy is a scholar with no money and no prospects since her family was massacred for conspiring against the Government of Cinnabar. Kostroma is a wealthy planet which depends on diplomacy to stay independent in a galaxy whose two great powers, Cinnabar and the Alliance, battle for supremacy. In a few hours, diplomacy is going to fail Kostroma. Daniel, Adele, and the scratch crew they gather aren't much to stand in the way of a powerful invasion fleet, but just possibly they're enough. Men and women who hold courage cheap and honor more dear than life itself face impossible odds in a novel of color, intrigue and slashing action. From the corridors of a treason-ridden palace through the perils of unknown seas and hellish jungles to a final blazing climax in space, the heroes never bow and the action never flags. They have nothing on their side but each other and heaven help whatever tries to stand in their way! At the publisher's request, this title is sold without DRM (Digital Rights Management).
