Von Lee Child : Without Fail (Jack Reacher, Book 6) before purchasing it in order to gage whether or not it would be worth my time, and all praised Without Fail (Jack Reacher, Book 6):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Anderer SchreibstilVon SchoengeistWer dieses Buch liest denkt sich, hoppla, da ist doch etwas anderes. Stimmt genau, es ist in der Ich-Form geschrieben. Mir persnlich gefallen Bcher nicht so sehr, wenn sie in Ich-Form geschrieben sind, aber

mglicherweise wollte der Autor einfach mal was neues ausprobieren. Ansonsten ist es solide Krimikost. An logischen Fehlern darf man sich nicht stren. Mit den Jack Reacher Krimis kann man nichts falsch machen. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Schwach... Von Ralf Stein Ich habe Jack Reacher 1 und 2 gelesen. Dieser Teil ist nur schwach. Die Frau ist so nervig dass ich mir nicht vorstellen kann dass Jack Reacher ihr helfen will. Ich wrde ihr nicht helfen. Ich habe das Buch wegelegt. 5 von 5 Kunden fanden die folgende Rezension hilfreich. Reacher Plays Lone Ranger in Texas Von Donald Mitchell An obnoxious bar fly annoys Jack Reacher . . . and Jack swats him away. The next day, the local sheriff's deputies are looking for Reacher. Quickly escaping out a motel window, Reacher needs a ride quick. He's astonished with an attractive younger woman quickly picks him up. He's even more astonished by what she wants him to do. With Echo Burning, Reacher becomes a more physically talented version of the Fugitive who helps those into whose path he stumbles. While some see Reacher as Spenser, I don't think so except for the desire to right wrongs. The story has the usual episodes where Reacher takes on the tough guys and leaves them bleeding, shows his skill with guns and figures out difficult puzzles by putting himself in the shoes of the bad guys. Of the other characters, two stand out for improving the story . . . resourceful young Ellie Greer and anti-Texan Alice Amanda Aaron, a defense attorney. The book's main weakness is that it presumes a level of corrupt legal practices beyond what anyone could actually pull off. Think of this as a fairy tale in that sense, over drawn to make the corrupt seem even more despicable. But if you've liked any of the Reacher novels, you'll enjoy this one. Add it to your list.

Kurzbeschreibung Featuring Jack Reacher, hero of the blockbuster movie starring Tom Cruise. This time, he's in the line of fire, protecting the Vice President of the United States. Jack Reacher walks alone. No job, no ID, no last known address. But he never turns down a plea for help. Now a woman tracks him down. A woman serving at the very heart of US power. A woman who needs Reacher's assistance in her new job. Her job? Protecting the Vice-President of the United States. Her problem? Someone wants the VP dead. deLee Child has inexorably pulled himself into the upper echelons of thriller writing with a series of tough, lean and perfectly crafted novels featuring ex-US military cop Jack Reacher. Without Fail is the sixth outing for the resourceful Reacher, and far from showing any signs of incipient fatigue, the series just goes from strength to strength as Child hones his abilities. As in such previous books as Die Trying and The Killing Floor, Jack Reacher is a maverick. He carries no ID, and any place he hangs his hat is home. And while he's more than capable of dealing out massive violence to the bad guys who take him on, he's a sucker for a plea for help--particularly from a woman. This time, he's asked by the persuasive Ms Froelich to help her protect the Vice-President of the United States from an assassination attempt that's on the cards. So Reacher, with only the clothes he stands up in, finds himself deep in the rarefied world of the United States Secret Service in Washington, where his problems come from the stiff-necked bureaucrats as much as from the utterly ruthless killer who soon has Reacher in his sights as much as the Vice-President. If the plot here is a tad reminiscent of the Clint Eastwood movie In the Line of Fire, that's no coincidence--Child has his characters discuss the echoes of their situation with that film at length. But, boy, does Child ring some powerful variations of his own on the theme: this the most kinetic Reacher novel yet, full of the brilliantly orchestrated set-pieces that are a specialit de la maison with the author (the final climax in a snowy ravine is a pip). The action here is relentless, but never at the expense of character--Child is canny enough to keep dark shadows from Reacher's past a key part of his motivation. And the skill that the British-born Child is so proud of--his faultless evocation of the American landscape--is the final icing on a very tempting cake. --Barry Forshaw.co.uk Lee Child has inexorably pulled himself into the upper echelons of thriller writing with a series of tough, lean and perfectly crafted novels featuring ex-US military cop Jack Reacher.
