A heartwarming yet sexy Conclusion to a brilliant Series!Von NinaWITHOUT ME by Chelle Bliss is the seventh and last book of her wonderful Men of Inked series. Its not that easy for me to say goodbye to the Gallo family, Im really counting on Chelles promise that they will keep popping up here and there, as Im simply not ready to let them go!This

is Anthony Gallo's story. He is the oldest of the Gallo brothers, he always had a mysterious vibe around him while lurking in the background almost the entire series. Now it is his turn to be hit with all-consuming love. Like his brothers, he never had difficulties charming countless women into bed for one night of unbridled no-strings-attached passion. He takes what he needs and then walks out with no regret. Hit it and quit it was his motto. Until that night in the bar when he meets Max. She is feisty and stubborn and rejects all of his advances and rejection is something that never happened to Anthony Gallo before. He is hot and cocky and he knows that. Feeling a spark with Max he never felt with any other woman before, he is determined to have her. It is only that Maxine (aka Max) has a good reason to stay unattached to any man, with no desire at all to build a relationship. She has a devastating secret that she is intended to keep no matter the costs, thus she is denying the sizzling intensity she feels whenever Anthony is near. It just so fits that no-strings-attached Anthony falls for a girl as smart-mouthed as his sister Izzy, a girl who treats him like he used to treat women for years. I really cheered for Max for handing out payback to Anthony! All this back and forth between the two of them gave an inkling about what it would be like when they finally got together. And, absolutely: Their chemistry! Holy hotness! I'm used to Chelles Kindle-melting stories about hot alpha men by now, but the passionate explosion between Max and Anthony really finds its peer! Whew! Apart from all those steaminess and tension between a stubborn and strong woman and a cocky-as-hell alpha male, *WITHOUT ME* has a storyline that runs deep. What is the reason for Max's standoffishness? Why doesn't she allow anyone to really get close to her? Once you find out you will be as brokenhearted as I was. This story is highly emotional and made me shed more than just one tear. Knowing about the author's personal struggle connected to this story only intensifies that. This book wrecked me. It is very different from the previous books which makes it the perfect yet bittersweet ending to a brilliant series. The *Men of Inked* series ends on a high note, and while I still love Izzy's story in *RESIST ME* dearly, Anthony's story clearly became my absolute favorite. The whole series comes highly recommended!

Kurzbeschreibung I'd led a selfish existence. I liked who I was. Hell, I loved myself. Women threw themselves at me and I took what they offered without remorse. I promised them nothing. I sank my teeth into life, holding on to the bitch like my very existence depended on it. Time passed. Women came and went. The second I let my guard down and released the hold I had on life... What was my award for such carelessness? A love so spectacular and heart wrenching that it threw me for a loop. When I was in too deep to escape, my greatest fears became reality. This is my story.
