SOLSTICE BOOK 5-A captivating romantic story. The story features; Claudia, a curvy, sharp-witted, independent beautiful human and Professor; Roland, a heart-stopping gorgeous, powerful wolf-shifter with haunting memories of the past. What you'll find in this story; a cast of remarkably impressive and engaging characters, fantastic story-line, powerful vivid scene descriptions, phenomenal banter, distressing moments, camaraderie, heart-throbbing sensual romance, and a heart-warming holiday conclusion. Claudia has been searching for her TA Saja for almost a year when she receives word she is somewhere in South Dakota. Roland is the one who can lead her to her missing friend with the hopes of hurting Ryker the Enforcer in the process. He has waited eons to kill Ryker remembering the atrocities committed by him and Magnum. After meeting Claudia Roland's perspective on life takes on a whole new meaning. INCREDIBLE fast paced well written read by a truly gifted author. The characters are believable and are certainly praise worthy. The chemistry between Roland and Claudia shines throughout the story and their romance is steamy. This story shows that learning to let go of the past for a better future is the key to happiness. I so enjoyed this most exhilarating holiday read. If you treasure shifter romance that has tons of passion and a bit of drama this is an excellent choice for your library. {I received a copy of this book for a completely honest review}. In the world of fantasy romance the possibilities are endless and always fascinating. Without reservations I recommend this book. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Kurzbeschreibung Roland James waited a long time to return to the Black Hills. After Seth, his best friend, left was driven away and Seth's family vanished in the night, he had no reason to stay. Only one purpose remained for him to build his strength and his skills until he could kill the men responsible for their loss. When word reaches him about Magnum's demise and Drew's ascension, he rushes home. Though Drew welcomes him and the town seems to be thriving with a Winter Solstice Run in the offing, Roland can't celebrate. Not all of his enemies are dead. One of the worst still lives. Professor Claudia Donovan has spent a great deal of time and effort to locate one of her colleagues. Then she receives an odd message telling her to meet someone about the woman she's been trying to find in the middle of nowhere in South Dakota. Taking the first flight and renting a car, she waits at the designated spot. A chance meeting and an even riskier hookup for her TA leaves her with more questions than answers. When she ends up in Los Lobos no one wants to answer her questions. The last thing Roland expects when he lures the human to the Black Hills is to delight in her scent, her temper, and her cutting tongue. He needs the pawn to distract Ryker because the Enforcer has a weakness. Take away his mate, and Roland can kill him once and for all. Maybe his plan makes Roland the bad guy, but he can live with that. The only problem he has is his need for revenge may cost him
