Can Lupine Be Leashed?Von Ingrid Stephanie JordanTitle : Wolf on A Leash Black Hills WolvesAuthor : Virginia NelsonReviewed by : Stephanie JordanThis is the first book by Virginia Nelson that I have read and I am not

disappointed. It was a short read but Ms. Nelson paints a .. completely different world with Doms and Subs.. Pain or Pleasure. Patch William was a Wolf, she's also a submissive. Right now Patch is very excite she's going to the dungeon ag all is Kennedy Laurie just came home from a tour in Afghanistan a broken man. Nothing interested him anymore not even women, he never gets a hard on or excited and the things he wanted to do to women was even scarier. There here were rules, yes him the rule breaker needed the read the rules. I was gifted this ARC for an honest and truthful review.

Kurzbeschreibung Longtime submissive, Patch Williams, never quite finds the release she seeks. When a new Dom comes to town, offering play shes never tried before, its a battle to give into the pleasure he offers while keeping her wolf nature a secret. Home from overseas service, Kennedy Laurie realizes a few things about himselfhe only gets off when a little sadism is involved, and hes terrified of going too far, getting lost in the play. Patch might be just the submissive hes been dreaming of. Patch recognizes the call to matebut with an out-of-towner? Her body demands for her to submit, to tell him everything, but can her Dom tame the Wolf on a Leash? Kurzbeschreibung Longtime submissive, Patch Williams, never quite finds the release she seeks.
