More than worth itVon dayyI'm following Rae's work for almost 3 years(I believe It's 2 years and a half). This work just tells me how far she came with her writing style. Its always a pleasure reading her stuff.Wolf's Eye itself was breathtaking. I felt drown into this story and almost cried when it was over. The plot was definitely the best of all her books/fan-fiction I've read from her. Easy to follow and a great story flow.I don't want to tell much about the story itself; but i

guess I'm save when I say that this series is a **MUST READ** for all fantasy/lesbian fans out there. Got get those books and fall into a beautifully written romance in a world of magic and fairy tails!!(You also should check out her Facebook site or twitter page to follow up with her newly written stuff.)
