Von Tina Smith : Wolf Sirens #2: Fever: Many are Born, Few are Reborn (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Wolf Sirens #2: Fever: Many are Born, Few are Reborn (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Not what I expected Von Jasmin Schulze I only recommend this review to those, who already read Book 1. Actually this

book was nothing I expected it to be. I wanted Lila to go crazy after Sky's dead. A cold blooded huntress, who kills every wolf she sees. Unfortunately she stayed quite normal. The story starts with Cres and Lila resuming their normal lifestyle. Just with Cres as the new queen, since Sam is gone, and everyone being less flashy. With Cres, who doesn't care about clothes, Lila and Giny in the center of attention it's no wonder though, right? Actually around 50% of the book seemed rather boring. Cres training Lila and everyone still keeping up the farce of being happy teenagers. Until one day Lila realises she is trapped and spied on by Cres and Reid. So Lila runs away from Shade and the action starts... Or so I thought. To be truthful nothing worth mentioning happened. A new character was introduced and we get to know more about the wolves past, unfortunately leading to some horrible time jumps. I mean in one chapter I'm reading about Lila and in the next one I'm suddenly warped back in time? Huh? Well.. actually this would probably add a little bit more depth to the story, if the point of view wouldn't suddenly change. Sorry, but even though this might be some modern way of writing for me it is a no-go. It makes the whole story look like the author didn't know what she wanted to write, when she decided to write the first book from the 1st person perspective. My Fazit: I wouldn't say I enjoyed reading this book, but I still liked how we got to know more about the stuff that happened before the actual story. Unfortunately I would have preferred the story to continue, but I feel like we are not far away from what happened in Book 1. Well, I still kinda enjoyed reading it, so I wanted to give 4 stars, but I think the change of view is inexcusable (I mean reading 1st person narration from Sam's point of view, would have been kinda fun, too!) so I'm only giving 3. But I suppose I have high expectations for Book 3 now, hopefully finally adding some action to the story.

Kurzbeschreibung Wolf Sirens #2: Fever: Many are Born, Few are Reborn: Eternally Cursed to Love Not Purely Desire Temperatures rise as the flames of longing still burn in the thrilling sequel to Wolf Sirens Forbidden. The legend continues. Apollo, god of deadly plague, conspires to undo his sisters legacy. The wolves exist between two worlds, one in the town another in the forest. Prophecy says hunters and wolves are cursed to a mutual attraction. Increasingly, each successive slayer becomes more alluring to the wolf. The predestined enemies struggle, to both resist and contain their fierce rivalry in a conflict powerful enough to tear two worlds apart. A shadow has fallen over the heartlands of myth and reality. The chosen is reborn broken-hearted, in the scorching embers of grief. Devastated, Lila trains tirelessly as the assassin. She must submit to deliver justice and protect the innocent of Shade. But is it love or revenge which motivates her? Will the huntress or her heart prevail? Breaking away from the call of destiny and fearing betrayal, Lila makes a desperate escape in search of her lost beloved. The intensity between two ancient enemies ignites. The history of the wolf pack is revealed as devotion and desire in the underworld reaches fever pitch. If The Bite Doesn't Get You, Then the Fever Will Tina Smith is an herbalist, dog lover, Piscean and mother with a fondness for strong female protagonist's. A love of the fantasy genre and the deep exploration of dark and evocative subjects inspired Wolf Sirens Forbidden. The sequel Fever further unfolds the tale of the heroine femme fatale, on her journey in the underworld between the lands of myth and reality. Rich, complex, and deeply fascinating. Smith's creation stands apart from other books in the genre. Wolf Sirens has raised the bar for paranormal romance. - Kevis Hendrickson, author of Rogue Hunter "Smith weaves a thrilling and beautifully crafted tale that sinks its fangs in and refuses to let go." - Michael Alexander, author of The Vessel Fever does not disappoint! Tina Smith captures her readers on the first page and leads them on a fast-paced journey full of suspense and adventure as heroine, Lila, struggles towards the truth. - Beverley Eikli, author of A Little Deception
