soul goes to hell, while his body gets possessed by a demon that wrecks havoc among his friends and enemies alike. But the devil soon has to think whether he might have bitten off more than he can chew. A hit-drag-and-quarter-story that shows Logan at his wildest and his possibly worst, while somebody of his far past comes back - all quite catchingly drawn. The book is finished off with a diary-like "The Story so far" we already know from some of the latter books in the series. All in all quite satisfying.
