Von j b taylor : Women 'n' Love: So Happy I Could Die (Women Love Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Women 'n' Love: So Happy I Could Die (Women Love Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. An enjoyable first book.Von Pete CowanI enjoyed this novel very much. I look forward to the author's next book. As I am from Edinburgh I enjoyed the links to current Edinburgh affairs, like the new Tram service. Some of the descriptions of local sights were for me unnecessary but of course for most readers these would come across as normal and

required background information. The author is clearly a sensitive soul and he or she manages very well to describe the thoughts and passions of the characters. The pace of the story was good, although if I am permitted one small criticism it is that the denouement is too sudden I felt. I heartily recommend this and I see a good future for J.b. Taylor

KurzbeschreibungHow can who you fall in love with change how society thinks of you? How can falling in love with your chosen ideal life partner shunt every aspect of your being behind your sexuality? Everything you are, all that you've achieved, somehow obscured because of your love for another? Mel and Jill met and connected in a way neither could have foreseen. Both considered themselves heterosexual, end of; Mel is married to Drew, Jill's partner is Greg. So their journey to where they want to be can't run smoothly, if they can get there at all.Aware of how society would restrict them, and their love for each other, they question why their love should change them. And why society should dictate their identity to them. And why everything they are, is now less important than what society perceives their sexuality to be; and when all they desire is to be left to live their lives quietly, without fuss just as they have always done.Set in Edinburgh through 2010 to the backdrop of the debate about civil marriage for same sex partners, the girls have to negotiate the full gamut of emotions as they struggle to understand what is happening to them, and the effect it will have on their lives and their world. But through it all, they derive great strength from the depth of their connection with each other.This is a contemporary tale of two ordinary people propelled into a world of inequality and prejudice; which those who are Lesbian, Gay, Bisexual orTransgender, as well as ethnic and religious minorities, have to contend with in their everyday lives.Why?KurzbeschreibungHow can who you fall in love with change how society thinks of you?
