Cute, perky and thoroughly adorableVon Ein KundeIn 1269, the mischievous fifteen year old Lady Clio of Camrose is betrothed to Lord Merrick deBeaucourt, a knight she has never seen, who is fighting in the Middle East. While waiting for hisreturn, she becomes a ward of the court and sent to a convent. In 1275, Merrick is elated to be traveling through

England to his home. Clio worries about his return because she spent so much time at the convent getting into trouble doing what she thought was right. Still, Merrick has to be better than the boring convent. At Camrose, Clio continues to work with ales in an effort to recreate the legendary Heather Ale that healed the sick and gave the ancient Picts extraordinary strength. She also runs the castle in her weird way that soon has everyone, including her besotted spouse, doing her bidding. However, Medieval England is almost as dangerous a place as the Crusades and if the loving couple are not more careful, they may find someone trying to put an abrupt end to their deepening relationship. This novel is a humorous, fun to read Medieval romance due to its varied, eccentric, and exciting characters. The story line dexterously mixes a poignant historical romance with a lovely legend, thereby turning the novel into a WONDERFUL reading experience.

This is one of those books. Lady Clio is so funny that I had to laugh at everything she did. After six years in a convent waiting for her betrothed to return to wed her, Lord Merrick has finally arrived to retrieve Lady Clio. The problem is, Lady Clio has already left for her home. When Lord Merrick finally catches up with Lady Clio, he walks in on her as she's talking to herself, about the fine earl himself. The two clash at first sight. Lord Merrick is expecting a meek woman who will be quiet and have children. Lady Clio has no intention of doing so. She is a mischief maker and enjoys to make Lord Merrick's life miserable. Lady Clio's claim to fame is making ale for the castle. She makes such a fine ale that the entire castle is either giggling or falling asleep. Merrick and Clio clash several times before they finally marry, and each time is guaranteed a laugh. My favorite scene is when Lady Clio decides to sing for castle. What a voice she has! After reading *Wicked*, another great book in this wonderful series, I had to go back and read the book that started it all. Next I plan to read the second in the series, *Wild*. I highly recommend this series. Jill Barnett has definitely found a fan in me.

WONDERFUL is enchanting, uplifting and has enough history to place you in the world she's created but not enough to feel like a boring history lesson. The details of ale making were fascinating. Her characters are lovable, and the secondary characters are well drawn and add to the fun (I can't wait for Roger's story!). Clio teaches Merrick how to laugh and love and their relationship develops slowly from one of irritation, to friendship, to desire and love. It's all done with such a tender hand that I couldn't stop the tears when I got to towards the end. Speaking of which, it takes an abrupt serious turn which may upset some looking for a pure love and laughter read. For me, this part made the love story all the more poignant. Like all the Barnett books I've read I laughed and cried and completely enjoyed myself. \*Sigh\* Do I really have to wait 6 months or so for the next one?

Kurzbeschreibung War weary knight, Merrick de Beaucourt, wants nothing more than a simple life, a peaceful wife, and to oversee his new earldom. What he gets instead are orders from his king, Camrose Castle on the wild and rebellious Welsh borders, and a completely unbiddable wife. For six long years, Lady Clio has waited for her betrothed . . . waited, and waited. Once the news arrives that he is returning, Clio returns to Camrose to again await the man who ignored her, but now determined to make him pay for the years she languished in a convent. Clio leads Merrick a merry chase, and she takes on the role of an independent alewife, driven to discover the lost recipe for ancient "heather ale," a magical beer first made by the Picts. Surrounded by the enchanted mists that circle Camrose Castle, these head-strong adversaries embark on a sometimes passionate, sometimes hilarious battle of wills in this unusual 13th Century tale of a brave knight who seeks to claim--and tame--his bride, or so he thinks . . . deJill Barnett claims she got the idea for her 13th-century romance, *Wonderful*, from a beer commercial, from which she learned that ale-making was one of the few occupations open to medieval women. Lady Clio is a headstrong, independent-minded young woman who would like nothing more than to rediscover the long-lost recipe for "heather ale," which was created by the Picts. Although lovely, Clio has long given up on marriage because her betrothed abandoned her to a convent six years before. When Merrick de Beaucourt suddenly arrives to claim his bride, he finds that wooing the beautiful Lady Clio is as difficult and arduous as any battle he has faced. Beneath Clio's placid countenance and seemingly docile demeanor lies a lively and adventurous woman with a lot of ideas that Merrick must accept if he is ever to win her love.
