Von Piper Vaughn, Kade Boehme : Wood, Screws, Nails (Hard Hats Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Wood, Screws, Nails (Hard Hats Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. 3,5 starsVon SunneIt was a good read, solid and sexy. Unfortunately some stuff just didn't work for me (Julian and how Arthur just didn't handle this). But not enough to not like it.But the rest was good. If you're looking for some light

"inbetween"-sexy read that doesn't disappoint, this one is good.

KurzbeschreibungHard Hats: Book One Aaron Costas summer was all planned. Despite having to remodel the family lake house, it would be a vacation of sorts, and he had every intention of enjoying it until the friend who was supposed to help him got injured and left him in a lurch. He decides to take the opportunity to bond with his son and hires Julian and his roommate, Malachi, to assist. As a broke college student, Malachi could use the money, and spending the summer with Aaron for eye candy sounds like a dream. "Look but dont touch" becomes his motto. But when Julian starts flaking on his responsibilities and Malachi and Aaron are forced to spend long hours alone together, their mutual attraction is impossible to resist. Aaron cant fight the temptation sexy Malachi presents. But more than their age difference stands in their way, not the least of which is Aarons semi-closeted status and the fact that hes never openly discussed his sexuality with his son. He has no idea how Julian will react when he learns his father is not only gay, hes also dating his best friend.
