Von FelixI love Emilia Foxton's erotica. Couldn't stop thinking about it, even after finishing the book. Really

exciting! Loved it and can't wait for the next one.

KurzbeschreibungHere is a stand-alone piece of Erotica, written in the delicious and sensual style of Emilia Foxton.For the four years they had worked at the company, Sally and Jake had found that they were pretty much on an equal footing with one another. That was, until now.Jake had been promoted about six months ago to become a sales manager. Sally had smiled when she first heard the news accepting it as an unspoken challenge, and one that she would take great pleasure in rising to.Only this time, no matter how hard Sally worked no matter how much she delivered nobody seemed to notice. Her manager seemed to overlook her, concentrating instead on a new intern who had recently come in to the company.That made her think of Jake again and she groaned. It wasn't that she hated Jake but he did irritate her beyond belief. But underneath the irritation and sometimes hostile rivalry between them, there was a searing sexual tension that she was sure neither of them could ignore. She bit her lip, inadvertently remembering how Jake's muscles had strained underneath his suit jacket as he had leaned over her desk to pass her a cup of coffee that morning.If anything, the fact that Jake was so good looking made her feel even more frustrated. It was difficult to hate a guy like that.This ebook contains very hot and explicit descriptions of romantic activity. Only mature readers should download this book. s:Really enjoyed this book! I read a lot of erotica shorts - and this one really hit the spot; the language is nicely descriptive and very explicit, and there isn't any pointless filler. The scene is set nicely, the characters both have a background and pre-existing tension between them, and so the sex is rough, hot and believable. I would definitely recommend this book if you like your erotica to be rough, hardcore and well crafted. a five star review on .co.ukAnother brilliant sexy, erotic short story book Emilia thank you - I work in an office there's a thought mmmm..... a five star review on .co.ukKurzbeschreibungHere is a stand-alone piece of Erotica, written in the delicious and sensual style of Emilia Foxton.For the four years they had worked at the company, Sally and Jake had found that they were pretty much on an equal footing with one another.
