Von Elswyth Thane : Yankee Stranger (The Williamsburg Novels) before purchasing it in order to gage whether or not it would be worth my time, and all praised Yankee Stranger (The Williamsburg Novels):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A timeless historical series you'll read and reread!Von Ein KundeElswyth Thane wrote a timeless tale of the human experience and how it is affected by war and made bearable by love. With skilled writing and human insight she made

those moments come alive and ring true for every generation from the 1700s to the 1940s! I stumbled on "Dawns Early Light" at the local library when I was in my 20s and traveled between three libraries to find the other five books in successive order. I'm rereading them now in my mid-50s and enjoying them more than when I read them at 30 and 40. Im still traveling to three libraries to ferret them out. How delighted I am to finally find a source where I can put together my own set. I purchased "Dawns Early Light" during a visit to Williamsburg in 1978 and it remains one of my most cherished books. I am still enthralled with Thayne's descriptions of Marion's (the Swamp Fox) camp and the battles of Camden and the Pine Barrens. These novels have done more to foster my life-long love of American history than any other books I've ever read.0 von 0 Kunden fanden die folgende Rezension hilfreich. You can't go wrong with these novels! Von docdeb56I discovered Thane's Williamsburg novels as a sophomore in high school in the 1970's. I devoured them! My reading sealed my decision to major in history at university, and now I have a PhD in history. I was so enamoured of the characters that I named my daughter Susannah, after one of the major figures in "Yankee Stranger." Had she been a boy, she'd have been "Sedgwick." For anyone who loves history and enjoys the personalization of history, I can think of no other historical fiction that so satisfies. I have read these books many times, and have always enjoyed them thoroughly.0 von 0 Kunden fanden die folgende Rezension hilfreich. A historical romance provides a great summer book Von Ein KundeThe Williamsburg novels by Thane are historical romance novels at their finest. This is the second summer I've read them because of the interesting relationships between the characters and historical information they contain. This series is a great source of relaxation to beat the summer heat.

KurzbeschreibungSet in the early stages of the American Civil War. A charming Yankee soldier comes to Williamsburg and becomes the subject of young Eden Day's affection. Grandmother Day, who can remember the time when Cornwallis surrendered and the United States was founded, observes from a distance the love affair that plays out between her granddaughter and this new visitor.
