Super! Von Francis einfach Klasse diese Geschichte. Es hat alles was man braucht: Zeitreise, Liebe, Abenteuer, Leidenschaft, wunderschöne Landschaften, starke Männer, Indianer usw. Es ist die Geschichte einer jungen Frau, die eine Zeitreise macht und 200 Jahre zuvor im Yellow Stone landet. Dort trifft sie einen Mann, der ihr Leben verändern wird... Ich kann es nur empfehlen, sowie die andere Bücher von Peggy L. Henderson.

Kurzbeschreibung Revised and Updated edition Book 1 in the Yellowstone Time Travel Romance Series "I am not good with words, but you make my heart sing, Aimee..." Nurse and avid backpacker Aimee Donovan is offered the opportunity of a lifetime. She encounters a patient who tells her he is a time traveler and can send her two hundred years into the past to spend three months in the rugged Yellowstone wilderness at the dawn of the mountain man era. The only requirement: she cannot tell anyone that she's from the future. How did a white woman suddenly appear in the remote Rocky Mountain wilderness? Trapper Daniel Osborne's first instinct is to protect this mysterious and unconventional woman from the harsh realities of his mountains. While he fights his growing attraction to her, he is left frustrated by her lies and secrecy. Daniel shows Aimee a side of Yellowstone she's never experienced. She is torn between her feelings for him, and exposing a secret that will destroy everything he holds as truth. As her three months come to an end, she is faced with a dilemma: return to her own time, or stay with the man who opened her eyes to a whole new world. When the decision is made for her, both their lives will be changed forever. ***Content Warning: This story contains mild violence, mild profanity, and adult situations including physical intimacy, and is intended for mature readers. ber den Autor und weitere Mitwirkende I never thought I'd be a writer, much less publish a book someday. I always wanted to be a veterinarian. I guess life just had other plans for me. When my husband and I decided to start a family, vet school pretty much went out the window. I used to work with a vet who had three children while going through vet school. To this day, she is my hero. Three years ago, I began writing a story that, for whatever reason, was stuck in my head for almost a year. I have been an avid romance reader for a long time, and the idea took hold to - why not? - write my own! It has been a long and difficult journey and learning experience from my first sentence to a completed, and hopefully polished, manuscript. The story, titled Yellowstone Heart Song, is set in the Rocky Mountain region which today encompasses Yellowstone National Park. It takes place decades before the area was even known to white men, a time just after Lewis and Clark, before the mountain man era was in full swing. The story has turned into the Yellowstone Romance Series. Book 2, titled Yellowstone Redemption, was released soon after Book 1. The third, titled Yellowstone Awakening, was released on March 1st, 2012, and Yellowstone Dawn was released on April 17th. The final book in the series, is titled Yellowstone Deception, and released on July 11, 2012. My newest venture is a time travel romance series, which I am calling Second Chances. The first title, Come Home to Me, just released on October 17, 2012. I am also working on a historical romance trilogy, called the Teton Romance Trilogy. Watch for Book 1, Teton Sunrise, later this year or early in 2013. I want to send a special thank you to all my readers. Thank you for taking the time to write reviews and to email me, leave messages on my blog, and find me on facebook. I wish I could thank each and every one of you personally. My email address can be found at the back of each of my books,

and I will always make the time to respond. Thank you for making my journey as a writer such an awesome experience.
