Von Janeal Falor : You Are Mine (Mine #1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised You Are Mine (Mine #1) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich.
Deprimierend Von Merle In dieser Fantasy-Geschichte vererben die Frauen zwar die Magie im Blut, zaubern knnen allerdings nur die Mnner. Somit liegt alle Macht alleine bei den Mnnern, welche diese massiv zum eigenen Vorteil

missbrauchen. Dies analog zu den frauen- und menschenverachtenden Verhältnissen in Saudi-Arabien. Die 17-jährige Magie-tragende Serena wird an den Meistbietenden verkauft, einen Sadisten wie ihr eigener Vater auch. Da er allerdings bald in einem Turnier umkommt, wird sie zum Besitz eines fremden Mannes, was ihr noch mehr Angst macht. Nur langsam kann sie etwas Selbstvertrauen aufbauen. Die Geschichte ist zwar gut geschrieben, das hoffnungslose Leid der Frauen ist allerdings sehr deprimierend und das Ende unwahrscheinlich. Das Buch hat mir keinen Lesespass gebracht. 1 von 1 Kunden fanden die folgende Rezension hilfreich. a mesmerizing read Von -Kunde I decided to read You Are Mine without really knowing anything about it. I didn't have any expectations either. I just wanted to read something, anything really. Needless to say: You Are Mine isn't just any book. Intense, tantalizing, fascinating, that's what this book is. And much more. Women aren't worth anything. They are owned by men. They can't be free - or can they? It's shocking to read about a society, where even the thought that a woman might possibly be more than just a possession, is scandalous. But on the other hand, things like these don't only exist in the fantasy world Janeal Falor created. Similar things did happen in our past and in many parts of the world women are still far from being as much worth and having the same rights as men. To read about little girls that get punished because they dare to say something without permission or innocent women who are sacrificed without real reason isn't easy. But it makes the reader think and it makes him feel - if only incomprehension or horror. These feelings and thoughts stay with the reader even a long time after having read this book - a book that's almost unforgettable. So yeah, this is a pretty amazing read. Intense and mesmerizing really. I forgot everything around me while reading and I got pulled into a horrifying and yet fascinating world. It doesn't happen often that I get that strongly pulled into a story as happened with this one. Every time I was interrupted and had to stop reading I needed time to first realize who and where I am. Finishing this book was hard. I didn't want to let go of a story I started to fall in love with. I didn't want to return to a reality without Serena, her sisters and friends, without Zade. I don't know if there's anything about this book that I could criticize. I mean, the whole idea with warlocks, spells and magic seems a bit strange at first as it isn't something I read about very often. But I started to really like it. The plot is not only interesting, with many unexpected twists, but really extraordinary. The characters are unique and I've grown to like some of them quite a bit. The writing style is simple - but positively so. Oh. And the romance. Where shall I begin?? No insta love, no love triangle, no cheesy love declarations. I almost couldn't believe it. Love is a concept pretty unknown to Serena. So yes, the romance needs its time to develop. And it's very fragile at first. But no one could possibly resist Zade, right?... I am so glad I read this book. It is so strange. It is amazing. I love it. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Great book Von Sonnenblumewell written and compelling story. I recommend it very much. It shows how women react, when there brought up with rough words and without appreciation. And how there are ways out. I think it's very romantic!!!

Kurzbeschreibung Serena knows a few simple things. She will always be owned by a warlock. She will never have freedom. She will always do what her warlock wishes, regardless of how inane, frivolous, or cruel it is. And if she doesn't follow the rules, she will be tarnished. Spelled to be bald, inked, and barren for the rest of her lifeworth less than the shadow she casts. Then her ownership is won by a barbarian from another country. With the uncertainty that comes from belonging to a new warlock, Serena questions if being tarnished is really worse than being owned by a barbarian, and tempts fate by breaking the rules. When he looks the other way instead of punishing her, she discovers a new world. The more she ventures into the forbidden, the more she learns of love and a freedom just out of reach. Serena longs for both. But in a society where women are only ever property, hoping for more could be deadly. Kurzbeschreibung Serena knows a few simple things. She will always be owned by a warlock.
