**Von Mary Higgins Clark : You Belong To Me (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised You Belong To Me (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Another "can't-put-it-down" book!Von Astrida M.I love MHC books! I know they will keep me in suspense and away from my computer and housework! This one didn't disappoint me either! Besides humming the oldie tune in my mind throughout the book, I loved the Dr. Susan Chandler character and hope Mary brings her back again. RadioTalk shows

are so popular and it was fun to get to know one in a fast-paced book like YOU BELONG To ME! The only disappointment was the ending, which was hurriedly finished in a page or two as if to make a deadline...it was over so fast! I guess I didn't want the book to end. But all in all, it was another successful book!!! I loved it!

0 von 0 Kunden fanden die folgende Rezension hilfreich. A complete disappointment

Von Brandi I thought that "You Belong To Me" was absolutely void of suspense. The characters were totally one-dimensional and the ending was completely anti-climactic. I only recently started reading her books. I started with "The Cradle Will Fall" and absolutely loved it! But this latest attempt is not up to par with her earlier books. I will think twice before buying her next book.

1 von 1 Kunden fanden die folgende Rezension hilfreich. Very Good Read

Von Ein Kunde You belong to me was a twisting and interesting tell that I thoroughly enjoyed. From the beginning where Dr. Susan Chandler discovers that the murders somehow must go together to the end where the mysterious killer is revealed. Yes this plot is not as complicated as other books, it was a little slow in the beginning, but quickly intertwined you in a story of suspense. The killer at the end totally through me off I thought it was definitely not that person and someone else who would be more suited to that role. I recommended this novel to anyone wanting a good read that is quite interesting yet suspenseful. This will keep you reading for a while, I read it in a matter of days! I couldn't put it down. For those who have already read You Belong to Me I recommend another of Mary Higgins Clark's books I'll be Seeing you is absolutely fabulous!

**Kurzbeschreibung** The mistress of high tension (The New Yorker) and undisputed Queen of Suspense Mary Higgins Clark brings us another New York Times bestselling novel that USA TODAY calls her page-turning best about a killer who targets lonely women on cruise ships, a masterful combination of page-turning suspense and classic mystery. When Dr. Susan Chandler decides to use her daily radio talk show to explore the phenomenon of women who disappear and are later found to have become victims of killers who prey on the lonely and insecure, she has no idea that she is exposing herself and those closest to her to the very terror that she hopes to warn others against. Susan sets out to determine who is responsible for an attempt on the life of a woman who called in to the show offering information on the mysterious disappearance from a cruise ship, years before, of Regina Clausen, a wealthy investment advisor. Soon Susan finds herself in a race against time, for not only does the killer stalk these lonely women, but he seems intent on eliminating anyone who can possibly further Susan's investigation. As her search intensifies, Susan finds herself confronted with the realization that one of the men who have become important figures in her life might actually be the killer. And as she gets closer to uncovering his identity, she realizes almost too late that the hunter has become the hunted. Is she the next one marked for murder?

de Much like the real-life Dr. Laura Schlessinger, Dr. Susan Chandler, the star of You Belong to Me, is a clinical psychologist who hosts a call-in radio show. She's bright, sharp-tongued, and even has "shoulder-length dark blonde hair." Fortunately for Dr. Laura, the similarities end there. During an episode of Ask Dr. Susan, Chandler unwittingly gets herself tangled in the web of a dangerous serial killer. It begins innocently enough when Chandler invites Dr. Donald Richards, a criminologist/psychiatrist/author to talk about his book, Vanishing Women and the plight of lonely women who are preyed upon by calculating killers. Chandler is particularly interested in the disappearance of woman named Regina Clausen, a high-profile investment advisor who vanished on a luxury cruise. Chandler feels indebted to Clausen--an investing tip she offered on CNBC turned a modest birthday check into a "bonanza"--so the good doctor uses her radio forum to help crack the case. Sure enough, during the last moments of the show, a nervous, married woman who goes by the name "Karen" calls in with invaluable clues. Apparently, she was almost a victim and can identify the murderer, but is frightened to come forward because of an insanely jealous husband. As Dr. Susan pursues her timid witness and digs deeper into the case, she realizes a hair too late that she is also one of the hunted. The fast-moving story line and easily digestible plot of You Belong to Me is vintage Mary Higgins Clark. --Rebekah Warren.com
