Von The Gecko : You're Only Human: A Guide to Life (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised You're Only Human: A Guide to Life (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Lustig und KlugVon CustomerIch mag sowohl die lustigen Tier-Darstellungen, als auch die klug-ironischen Texte.Ein Geschenk fr sich selbst und andere, da man immer wieder mal in die Hand nehmen kann und das stets auf's neue zum Schmunzeln bringt!

KurzbeschreibungAt last, The Gecko has written a book!You know him and love him as one of the most famous characters on television, that humble, hardworking spokelizard with the fetching accent. Turns out theres so much more to him. Hes a philosopher, an aphorist, a humorist, an artist, a warm companion, a natural storytellerand, in a grand tradition, a keenly observant and wise outsider who in the course of living and traveling among us has discovered quite a lot about the things that make us human. Figuratively speaking, of course. Youre Only Human is his

brilliant take on people, written and illustrated with considerable charm. He makes curious and interesting observations on everything from dreams to job interviews to adversity, Twitter to the Golden Rule (its not what you think it is) to talking animals: Im really not sure what all the fuss is about. Lots of animals talk, including humans. The bigger question is, what do you have to say worth listening to? Youre Only Human will reveal a remarkable character who is equally at home discussing the secrets of the universe, and pie and chips. How lucky we are to publish his first book.
