AND FUNNY Von The Wizard of Oz HA!! Duncan Whitehead's cheeky look at pretty much anything has led us to tomatoes and those that grow them. Lots of fun in Duncan's own way, with a twist of red, red, tomato juice. Good stuff. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Simply a Treat! Von Dianne Harman As always, this author delivers! This short story is a must for every reader who not only enjoys a cozy mystery or a short story, but also enjoys reading about people who aren't perfect. I stand in awe of anyone who can pack so many truths in such few words. Well done, Mr. Whitehead. I can't recommend this book highly enough. Treat yourself and don't wait to read it. It's really that good. Highly, heartily recommended! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Enjoyable little mystery. Von Love2read I have become a fan of Duncan Whitehead's cozy mysteries, and the short story "You say Tomato...She Says Murder," is another fantastic tale. In this competitive world, how far will two old friends insure their changes of being number one? Delightfully entertaining with many twists and turns ensnarled with the author's witticism, bring a few chuckles within the darkness of a murder mystery. Loved it!

Kurzbeschreibung From Award Winning and Best Selling Author Duncan Whitehead, comes a short story with a twist.....When two old friends, bound together by their love of growing fruits and vegetables enter the same competition, how far will they go to ensure victory? A charming story with more twists and turns than a tomato vine. From the Author A short story with a twist. How far would you go to win? How important is something that seems so trivial to others, but paramount to you? We all have a breaking point....but some are more fragile than others. This book is short and sweet. Set in a small English village, where everyone knows everyone, where it always seems to be bright and sunny and nothing ever seems to happen there. Well, nothing but a murder or two.... I read them all ( the good ones) and often print them out and frame them. If you want to write a bad review please be aware I WILL NOT frame your review.
