KurzbeschreibungFrom New York Times bestselling author MaryJanice Davidson comes Yours, Mine, and Ours, the next hilarious installment in her laugh-out-loud trilogy featuring an unconventional FBI agent who finds love in the most unexpected placesIt's Christmas season, a holiday Cadence adores. Her relationship with Patrick has been progressing nicely, and they are beginning to wonder if it might be time to bring things to the next level...unprecedented in Cadence's life. That is until she meets the completely dreamy Dr. Max Gallo and he throws Cadence and her sisters for a tailspin. And if the threat of Dr. McDreamy weren't enough there is a new BOFFO employee, Emma Jan Thyme, whose reputation precedes her. She has a doctorate from Harvard, speaks seven languages, and is a remarkable actress. But she's harboring a secret of her own. In addition to adjusting to a new co-worker's foibles, shopping for her Secret Santa, and trying to find the perfect Christmas gift for Patrick, a new serial killer appears to have blown into town. For four Junes in a row perfectly ordinary fourteen year olds have disappeared. The only things the victims have in common are their ordinariness...and it's up to Cadence to figure out the case before another innocent teen dies.PressestimmenPraise for "Me, Myself, and Why"?: "Awesomely original, fast paced and fun, with characters you'll never forget!"--Lori Foster, #1 New York Times bestselling author"One of the most unique and engaging stories to comealong this year." --"RT Book s""Awesomely original, fast paced and fun, with characters you'll never forget!"--Lori Foster, #1 New York Times bestselling author on "Me, Myself, and Why"?
