KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. Really good...Von Ronan O'DReally good. I love it when a story transports me to another world and draws me in completely. I enjoyed finding out how things would turn out for the main character, as the suspense builds and he has real-world action and troubling memories to contend with.2 von 2 Kunden fanden die folgende Rezension hilfreich. Enjoyable,

quirky mystery novel
Von Gina Lawson
An enjoyably different, quirky book. It reminded me of some of my favorite movies, like Memento, or Mulholland Drive... if that isn't giving too much away about the direction of the plot! Suffice it to say, the mystery is strong and not all is as it seems!

I need a book to engage me and hold my attention if I'm going to decide to finish it. I'm not someone who feels obliged everything they start and I finish maybe less than half the books I buy. That wasn't an issue here. I felt involved personally in the situation of the character, the writer's masterplan dropping all of the pieces into place by the novel's end. Excellent story, set in Spanish wilderness.

Kurzbeschreibung
A crime scene photographer finds refuge in a picturesque and secluded hotel, a refurbished convent within a hillside village in arid rural Spain. Jim is travelling alone after the inconclusive investigation into his wife's sudden death. Against the backdrop of vivid blue skies, pristine empty swimming pools, orange trees and glaring whitewashed buildings, Jim runs through fragmented memories one last time... He meets and feels an immediate connection with an enigmatic, strikingly beautiful local woman. This entrancing location offers a fresh start but also new intrigue when he is the only witness to her abduction. In a race against time and in this increasingly unsettling world where nothing is as it seems, he is now challenged to simultaneously solve disorienting mysteries in both past and present.
ZAFRA is a spellbinding journey which will leave you breathless.
