An Intriguing Threat, Unusual Villain, and Adventure for Kurt Austin and Joe ZavalaVon Donald Mitchell"Treasures of wickedness profit nothing,But righteousness delivers from death." -- Proverbs 10:2 (NKJV)Zero Hour is one of the

better entries in the NUMA Files series. Clive Cussler has contributed one of his better plots and intriguing technological threats. His villain has some interesting touches that make for unusual plot possibilities. Although you never doubt that all will be well, the trip is well worth the while to experience the kind of adventure required to foil such a plot and villain. The book would have been better at about 70 percent of its present length. Perhaps the next one will be. If you find the story lagging in places, just skim ahead until something is happening that captures your imagination. You'll be glad that you did. Kurt Austin and Joe Zavala continue to help make this an above-average series. Bravo to Mr. Cussler for imagining them in the first place! Thanks, too, to Graham Brown for doing the heavy lifting to get this story to us. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Zero Hour Von Mag Brian M. Byrne Immer eine glaubwürdige Handlung; man könnte sich vorstellen, dass so was wirklich passieren könnte. Und man kann sich auf Kurt Austin und seinen Freund immer verlassen. Als Leser weiß man natürlich, dass das Ende immer gut ausgeht, aber es ist der Aufbau der Handlung und Akteure, die die Qualität der etwa 400 Seiten ausmacht, und der Leser kommt voll auf seine Rechnung. Weiter so!

Kurzbeschreibung Zero Hour is the dazzling new novel in the #1 New York Times bestselling series from the grand master of adventure, Clive Cussler. A new energy source holds the promise to change the world. If it doesn't kill it first. It's called zero point energy, and it really exists - a state of energy contained in all matter everywhere, and all but unlimited. Nobody has ever found a way to tap into it, however. Until one scientist discovers a way. Or at least he thinks he has. The problem is, his machines also cause great earthquakes, even fissures in tectonic plates. One machine is buried deep underground; the other submerged in a vast ocean trench. If Kurt Austin, Joe Zavala and the rest of the NUMA team aren't able to find and destroy them - and soon - the world will be on the threshold of a new era of catastrophe and unchecked volcanism. Clive Cussler, author of recent New York Times bestsellers *The Tombs*, *Poseidon's Arrow*, and *The Striker* brings us the adrenalin-soaked doomsday masterpiece, *Zero Hour*. Praise for Clive Cussler: 'Clive Cussler is hard to beat' *Daily Mail* 'The guy I read' Tom Clancy 'The adventure king' *Daily Express* **Pressestimmen** Praise for Zero Hour Fans of the previous NUMA adventures will find much to enjoy here. **Booklist** A nonstop action thriller. **Associated Press** **Kurzbeschreibung** Zero Hour is the dazzling new novel in the #1 New York Times bestselling series from the grand master of adventure, Clive Cussler.
