erneut einen Pageturner geschrieben - man kann das Buch schwer wieder weglegen. Allein dafür gebührt ihr Respekt; viele SciFi-Autoren faszinieren zwar mit tollen Charakteren und lebendigen Welten, aber nur wenige fesseln den Leser auch mit der Sprache. In Summe ist alles ein wenig stimmiger als im ersten Buch, wo zwar auch der Sprachstil top war, der Rest aber v.a. in der zweiten Hälfte auseinander fiel. Im zweiten Teil der Serie sind die Charaktere - obwohl oder evtl. weil fast nur außerirdisch - deutlicher ausgearbeitet, und auch in ihrem Verhalten sinnvoller. Die Story ist spannend und die Hintergrundgeschichte macht wieder einmal Lust auf mehr. Kritik gibt es zur Geschichte allein für einen Nebencharakter, der unglaublich negativ in die Story eingreift, und einen Handlungsstrang um den Bruder des Protagonisten, der sehr schwach aufgelöst wird. Aber: Perfekt ist es nicht, deswegen "nur" 3/5 Sterne. Der allgemeine Schreibstil ist zwar gelungen, die Sprache selbst mitunter aber unglaublich. Vielleicht hat sich die Autorin ein wenig zu sehr in ihrer Welt verloren, aber wenn z.B. der Chef des Geheimdienstes plötzlich mit Schimpfwörtern aus der Grundausbildung um sich wirft ("furg"), dann wirkt es einfach deplatziert. Auch insgesamt ist die Dichte künstlicher Alien-Schimpfwörter irgendwann so hoch, dass es anfängt berübelnd zu wirken (soot, ash-soul, furg, in jedem zweiten Satz ... genug!). Größerer Kritikpunkt ist aber, wie auch im ersten Buch, dass die Autorin zwar ausgezeichnet Geschichten schreiben, sie aber anscheinend nicht gut oder nicht gerne beenden kann/will. Auch Zero Recall ist wieder ein verkappter Cliffhanger, und auch diesmal (wenngleich eleganter als in Teil 1) findet der Großteil der Handlung in der zweiten Hälfte des Buches statt. Der Weg mag das Ziel sein, aber ganz ohne Ziel geht es nicht ... Sei's drum: Zero Recall ist gute SciFi mit einem tollen Schreibstil. Wer den ersten Teil mochte wird hier eine bessere Fortsetzung bekommen. 0 von 0 Kunden fanden die folgende Rezension hilfreich. AmazingVon starbooksIHSara`s stories really suck you in and are giving a new definition for cannot take down. Since they are also quite long you're in for quite a long ride. This book is different from Forging Zero and full of insights into all those interesting species. And you would not want to miss on meeting the fascinating creature they call Forgotten. Only thing I want to add - and that one is for you Sara - if you really let the forth prophesy turn out badly for Joe, I don't think I will ever be able to read another book by you. 0 von 0 Kunden fanden die folgende Rezension hilfreich. AmazingVon Ludwig B. junThis book is as good as the First Part of the series promised, i'm looking forward to the next one. Anyone who enjoyed the first book should get this one. And all of you reading this still wondering if they should start this series: Go and get "Forging Zero" you will not be disappointed!

Kurzbeschreibung SEQUEL TO THE #1 BESTSELLER FORGING ZERO!!! It's been 53 turns after the legendary Commander Zero graduated as a Congie warrior. Joe, now a battle hardened veteran, has spent his life surviving wars he had no right to survive. Yet his real test is coming: New forces are conspiring to start a great war like the universe has never seen, one that would rip apart the very fabric of Congress. Joe is conscripted to fight the very war everyone has been fearing since the rise of the Dhashathe war against the legendary Dhasha Vahlin. Unfortunately for Joe, at the same time, other ruthless powers are conspiring to kill him before he fulfills the prophecy of the Trith. To fight the Vahlin, a desperate Congress comes up with a tactic it abandoned millennia ago: the use of multi-species groundteams. Joe, now a Prime Commander, is given command of his own team of misfits and pitted against the Vahlins forces in a war whose casualties are millions-to-one. Can Joe keep his group of aliens from killing each other long enough to make them into a battle-ready team? Will he survive long enough to kill the Vahlin? Or is he destined to destroy Congress, as the Trith have prophesized about him? The Legend of ZERO: Zero Recall is the exciting continuation of the ZERO series, sure to delight fans of Science Fiction Adventure, Alien Sci-Fi, Space Exploration, First Contact, Galactic Empire, Military Space Fleet, Apocalyptic, and Space Opera Science Fiction. Join My Alaskan Army) Email me. No, seriously, email me. kingnovel@gmail.com. Go do it. Right now. I love keeping my ear to the very heart of the publishing industry which means I have to talk to you. I think entertaining and inspiring others is the most important thing about writing, and if I'm doing my job right, people will actually want to

tell me what they think. So, dammit, if you were entertained or inspired, I wanna hear from you. Im utterly freakin serious. In case youre still not convinced, consider this: Im a lifelong Alaskan. We do things differently here. With the roving grizzly bears (yes, I live in the Bush, not like those pussies in town) and my closest neighbor a mile away, it gets kinda lonely when its just me and my computer and a big, vast wilderness out my back door. I want to talk to the people who are reading my books, because who the hell else am I going to talk to?! In case youre concerned about writing to a complete stranger, I assure you Im totally approachable, in my random, quirky, too-much-time-without-sun kind of way. Ive spent my entire life (starting at three years old!) working on writing as an art form, and Ive poured my heart and soul into the twenty (ish) books Ive written, so you can be damn sure I want feedback. I mean, putting together these (utterly brilliant, totally awesome) masterpieces and then getting nothing but silence is like building the Eiffel Tower and having people gomeh. So shoot me an email at kingnovel@gmail.com and let me know your thoughts on the book! I respond to every email I get (though sometimes it takes longer than others).
