**Von Mark Tufo : *Zombie Fallout 2: A Plague Upon Your Family* (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised *Zombie Fallout 2: A Plague Upon Your Family* (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 1 Kunden fanden die folgende Rezension hilfreich. A fresh

approach on the zombie genre Von alina harajuku zombieif you think that you already know everything that you Need to know about Zombies think again... Ok, Zombies want brain, eat brain, but Mark Tufo has created the 2,0 Zombie, the shuffler and the speeder, and lather somewhere are also the bulkers but, hey, you Need to read it so that you know it. I did read the whole ZF series in one Piece, i just could not stop and traveled from one bok to another, keeping the faith to my favorithe Zombie book author. If you are on the sarcastic site, or if somethimes your mouth is faster than your thoughts, you must love Mike Talbot, the main carachter. Well, you Need to love a guy that still wants to save his dog afther he did staped in dog s\*\*\*\*)) Go on a great Zombie hunt trip(somethimes they are the pray, somethimes the hunters) with Mike Talbot,his Family, BT and least but not last Henry. Dont miss on this book but ones you started you will be hooked!!!0 von 1 Kunden fanden die folgende Rezension hilfreich. Top Zombie Trasher! Von Thorsten Hunsicker Don't get me wrong, I mean Trasher in a positive way! I reall liked the story and you just cannot get away without the wondering how he could translate the "finger of doom" of our hero's wife from real life! I totally AGREE with our hero's feelings and can relate to his troubles... emotionally binding! I really enjoyed it!

Kurzbeschreibung This story picks up exactly where book one left off. The Talbot family is evacuating their home amidst a zombie apocalypse. Mankind is on the edge of extinction as a new dominant, mindless opponent scours in search of food, which happens to be non-infected humans. In these pages are the journal entries of Michael Talbot, his wife Tracy, their kids Nicole, Justin and Travis. With them are Brendon, Nicole's Fiancee and Tommy previously a Wal-Mart door greeter who may be more than he seems. Together they struggle against a ruthless, relentless enemy that has singled them out above all others. The Talbots have escaped Little Turtle but to what end, on the run they find themselves encountering a far vaster evil than the one that has already beset them. As they travel across the war torn countryside they soon learn that there are more than just zombies to be fearful of, with law and order a distant memory some humans have decided to take any and all matters into their own hands. Can the Talbots come through unscathed or will they suffer the fate of so many countless millions before them. It's not just the brains versus the brain-eaters anymore. The stakes may be higher than merely life and death with eternal souls on the line. Kurzbeschreibung This story picks up exactly where book one left off.
