gar nichts falsch machen :-). Und nun bin ich schtig. Es wird die Geschichte der Familie Talbot whrend einer Zombie-Apokalypse erzht. Dies geschieht durch eine Art Tagebuch des Vaters, Mike, wird aber im spteren Verlauf auch immer mal wieder von anderen Seiten geschildert, wenn es z. B. um Freunde geht, die eine andere Reiseroute genommen haben. Mark Tufo hat einen guten Schreibstil, sehr flssig und gut zu lesen. Auch der Humor wird gro geschrieben. Alles in Allem ein gutes Buch, das schtig macht. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Super - Grauen mit schwarzem Humor gewrzt Von pollygmxd Ich habe dieses Zombiebuch gelesen und zum ersten Mal bei einem derartigen Buch herzhaft gelacht. Nicht weil die schrecklichen Szenen lcherlich dargestellt sind, sondern weil durch den Tagebuchstil der Humor des Helden durchscheint und den Leser erfreut. Die gruseligen Horrorszene sind lebhaft geschildert und erwecken Grauen. Gut! Aber dazwischen kann man auch wieder entspannen, ohne dass das Buch an Spannung verliert. So ein Talent haben nicht viele Autoren. Zum Glck ist dies eine Serie. Ich muss mich also noch nicht von der Talbott-Familie verabschieden. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Dark Von alina harajuku zombie Mark Tufo chooses to show us a new perspective of the Zombie novel. I did read the entire ZF series, from 1 to 7 and cant wait for nr 8. The ZF 5 was darker than the other, i mean, a guy gets eaten by cats, and i really loved cats but imagine cats tearing the body apart, bit by bit, that are really feral survivor cats! If you did read the other ZF books you are already familiar with Gambo, Eliza, Tomy and our hero Mike. So, dont let the dark atmosphere of ZF5 drag you down, its a book worth reading, so dont miss out. But why do i bother telling you that, if you read the other books you are already hooked and will not close your ereader until the last page of this epic novel! Love the books to the last heartbeat of ... you will find out!

**Kurzbeschreibung** It was a flu season like no other. With the H1N1 virus running rampant throughout the country, people lined up in droves to try and attain one of the coveted vaccines. What was not known was the effect this largely untested, rushed to market, inoculation was to have on the unsuspecting throngs. Within days, feverish folk throughout the country convulsed, collapsed, and died, only to be reborn. With a taste for brains, blood, and bodies, these modern-day zombies scoured the lands for their next meal. Overnight the country became a killing ground for the hordes of zombies that ravaged the land. This is the story of Michael Talbot, his family, and his friends: a band of ordinary people trying to get by in extraordinary times. When disaster strikes, Mike, a self-proclaimed survivalist, does his best to ensure the safety and security of those he cares for. Book one of the Zombie Fallout Trilogy follows our lead character at his self-deprecating, sarcastic best. What he encounters along the way leads him down a long dark road, always skirting the edge of insanity. Can he keep his family safe? Can he discover the secret behind Tommy's powers? Can he save anyone from the zombie queen? Encircled in a seemingly safe haven called Little Turtle, Mike and his family, together with the remnants of a tattered community, must fight against a relentless, ruthless, unstoppable force. This last bastion of civilization has made its final stand. God help them all.
